Traffic Detail Created To Enforce Motor Laws

Formation of a new division of the Redwood City Police Department, known as the traffic detail, was announced here by Chief of Police C. L. Collins. His action came after the city council had authorized him to add another member to the police force. If necessary, to control the added traffic problem growing out of the widening of El Camino Real.

Collins said he had found, by shifting assignments, that he could organize the traffic detail without increasing the personnel of the force at this time and still maintain efficiency of the department.

Sgt. W. H. (Bud) Thorpe has been placed in charge of the detail. He and two other officers will man motorcycles during the peak traffic hours of each day and will attend to other duties when traffic conditions are light. The new arrangement will provide for a motorcycle policeman on El Camino Real during the entire day.

In addition to taking charge of the new detail, Thorpe has undertaken the direction of the junior safety patrol, an organization of 80 school students who direct traffic at heavily-traveled intersections during the hours that children are arriving at, and leaving, the schools.

Widow Sues Driver In Death of Husband

Maggie Bovey, wife of Robert Bovey, who died as a result of an automobile accident on Bayshore Hwy. near Geneva Ave. on Oct. 20, 1940, has named Edmund Bottini as defendant in a \$20,253 damage action.

The suit, filed in superior court, alleged that Bottini operated his car in a negligent manner when he struck down Bovey, a pedestrian.

Police Sgt. W. H. (Bud) Thorpe heads the newly-created traffic detail of the Redwood City Police Department.

Stellar Threesome in Carlos Hit

Hearts beat in three time when Joan Crawford, Robert Taylor and Greer Garson get together in M-G-M's "When Ladies Meet," romantic comedy-drama, opening Sunday on the Carlos screen. Based on Rachel Crothers' New York stage hit, the picture also stars Herbert Marshall in one of the most imposing casts of the year. Robert Z. Leonard of "Ziegfeld Girl" fame directed.

MENLO PARK NEWS NOTES

Mrs. Timothy Hopkins passed away Wednesday at her home after a lingering illness. She was a native of St. Louis, aged 79. Mrs. Hopkins was a benevolent and charitable woman and no doubt her will disposes of large sums to worthy institutions. The home, consisting of 600 acres, will go to Stanford University under the terms of a trust executed by the late Timothy Hopkins. It has been rumored for some time that the university will establish an agriculture college there.

The Native Daughters of the Golden West will sponsor a public card party at the public school auditorium on Thursday, Oct. 23.

The whist parties given by the Catholic Ladies of the Ravenswood District every Friday night are drawing large crowds.

The city trustees, at a meeting

Vegetables in Menu Considered Important

Vegetables are well known to housewives to be an important source of the essential vitamins and minerals, but, according to Miss Kay Gilbert, nationally-known home economist, the problem still remains of how to encourage the members of a family, particularly the men, to eat as many vegetables, at least one raw and one cooked vegetable each meal, as they should. In the menu given below, a simple salad introduces the meal, and an unusual and delightful vegetable combination complements the entree: Cranberry and lettuce salad* Pork chops with dressing* Corn in onion nests* Whipped potatoes* Deep dish apple pie* Coffee* Milk

NYA Funds Allotted Local High Schools

NYA funds totalling \$3682 for the part-time employment of needy students have been allotted to seven San Mateo County high schools and one elementary school. The schools are: Burlingame, Half Moon Bay Elementary, Half Moon Bay Union, Jefferson Union at Daly City, Pescadero Union, San Mateo High, Sequoia Union at Redwood City, and South San Francisco.

This amount is in addition to the allotment of \$9810 to San Mateo Junior College, announced last week by Robert Wayne Burns, administrator of the NYA for California.

Tuesday night, awarded a contract to Freire & Bettini to put down a sidewalk, gutter and curb on the south side of Middle Ave. from the highway to University Ave. Work will start immediately.

Hans Aggard is spoken of as a candidate for the city council at the election next April. Mr. Aggard has resided in Menlo Park for nearly 50 years. He would make an excellent official.

Dr. Charles Dakin, a chiropractor, was here this week seeking a location. The doctor is just out from the East and likes Menlo Park, as does his charming and pretty wife, a bride of a few months.

The duck season opened on Thursday. Local hunters sought the marshes and many limits were secured. Edward O'Keefe with a party of friends left Wednesday for the Willow Creek Gun Club preserves consisting of 20,000 acres. This vast area has been taken over by the government as a game refuge. It is estimated that a million birds come there every season from the north.

It is reported that another oil station is to be established in Menlo Park. The city is already well supplied with them, so one more won't make much difference.

It is rumored that another officer is to be added to the local force. The Menlo Park police department is insufficient for the rapidly-growing demands made upon it. At least three more men are needed to properly police the district extending from the San Francisco Creek to Felton Gables.

AUTO SHOW STAR

Bob Hope, the nation's ace comedian and entertainer, is the featured attraction at San Francisco's 26th Annual Pacific Auto Show in the San Francisco Civic Auditorium, October 18 to 26, according to an announcement made yesterday by Auto Show Manager Ted Bates. Bob Hope will appear on the Auditorium stage twice daily, in the afternoon and evening, during the Auto Show which will feature the new 1942 models of the industry.

Eastman's Estate Sued For \$50,000

The estate of Samuel P. Eastman, late Woodside resident and president of Southern Pacific Golden Gate Ferries Ltd., has been sued in a \$50,000 legal action to recover funds which Eastman assertedly loaned to another company.

Sterling Carr, trustee of the ferry firm, named the widow, Adelaide E. Eastman, executrix

of the estate, as defendant in the suit.

At the same time he was president of the Southern Pacific Golden Gate Ferries Ltd., Mr. Eastman also was president of the Southern Pacific Golden Gate Co., an allied corporation.

According to the complaint, Mr. Eastman caused the former company to loan \$100,000 to the

latter and the transaction was illegal because it did not have the required approval of holders of two-thirds of the company's stock. Half the amount has been paid back and the suit was filed to recover the balance, with 7 per cent interest, from Eastman's estate. Both of the Golden Gate Companies now are bankrupt.

Home Insulation Aid to Defense

How the American people can save fuel for national defense by insulating their homes with J-M Rock Wool Home Insulation is the theme of a series of news broadcasts being made by Frazier Hunt, well-known foreign correspondent and radio personality.

The program, sponsored by Johns-Manville over a Columbia Broadcasting System network, is broadcast five times a week, Monday through Friday, at 6:10 P. M., Eastern Standard Time.

At each broadcast a reprint of a pamphlet on Home Insulation, published by the U. S. Bureau of Mines, is offered to listeners.

Profits Vital to Success Of American Industries

Rising Business Costs Reduce Earnings

Some people seem to have an idea that profits should be done away with during the defense emergency. Maybe they haven't realized the difference between profits and profiteering. For it should not be forgotten that reasonable profits must be made or the American industrial system will collapse.

These are "boom times" caused by defense spending and naturally, in boom times, many persons think that big profits are being made. But the present defense boom is different. It's a boom that is causing record

production, not record profits.

For example, J-M's income for the first six months of this year broke an all-time record. Yet profits did not soar. Too many things eat at profits, these days, to keep them from getting

J-M Gains Not Soaring As Production Rises

big. Some of these are 1. Taxes, which are the highest in our history and which are going to get higher instead of lower. 2. Higher wages. 3. More overtime being paid. 4. Higher costs of materials. 5. Wear and tear on machinery. (A plant working 24 hours a day, seven days a week takes an awful beating.)

Instead of making big profits, J-M is using every effort to keep expenses down so that the narrow margin between profits and loss will not disappear.

Reasonable profits pay 'rent' on the money provided by thousands of Americans (our stockholders) to buy the plants and equipment which give our workers their jobs.

Profits also help J-M to expand, to eliminate production bottlenecks, to keep ahead of competition, to reduce debts, to put something away for a rainy day, and for other needs of the business—thus helping to build a more solid foundation for the company and greater security for the worker. A American industry could not operate long without a reasonable profit.

J-M FAMILY ALBUM

Readers of this newspaper may obtain a free copy of this booklet by writing to Johns-Manville, 22 East 40th Street, New York City, and mentioning the J-M Journal.

According to this official pamphlet, home insulation could save the American people approximately one billion dollars a year if all of the 37,000,000 existing dwelling units and those now under construction in the U. S. were insulated.

DUPLICATING THE WEATHER—It's old stuff to Johns-Manville scientists, but laymen visiting the company's Research Laboratories at Manville, New Jersey, express much interest in the J-M Weatherometer machines, shown above, which can duplicate the effect of five or six years of weather on a given material in about six months. The weatherometer test is made on J-M products which are exposed to the action of the elements.

Ladies' Auxiliary to S.C. Legion Post Organizes

SAN CARLOS—Mrs. Alice Reilly, 26th district president, opened the organization meeting of the ladies' auxiliary to the San Carlos American Legion Post Wednesday at the school auditorium when 41 members were accepted into the new auxiliary. Officers installed were Mrs. Hubertine Holzwarth, president; Mrs. Merle Tobey, first vice president; Mrs. Henrietta Clark, sec-

ond vice president; Mrs. Alice Mewhirter, secretary; Mrs. Lucille Withrow, treasurer; Mrs. Mary Lindberg, chaplain; Mrs. Ann Waterman, sergeant-at-arms; Mrs. Lois Johnson, marshal; Mrs. Novela Evans, historian; Mesdames S. Nielsen, Mary Davis and Novela Durham, executive board.

Other speakers of the evening were Mrs. Louise Chess, first vice

president of the 26th district; Mrs. C. Hayes, Mrs. J. Kantrowitz and Phil Blanchard, commander of the 26th district; Lloyd Tobey, commander of the San Carlos post, and Truman Waterman, member of the local post, who spoke on the "San Carlos for United Americans" move.

Following the meeting members of the post served refresh-

Cow Palace Show Plans Described

The story of the Cow Palace—its history and plans—featured a meeting of the San Mateo County Press Association held Monday evening at Frank's Marine View Tavern, Moss Beach.

George N. Keyston, president of the Grand National Livestock Pavilion (official name of the Cow Palace), president of the San Francisco Stock Exchange and a resident of San Mateo County, told publishers and editors of plans for the livestock show during Thanksgiving week. An exhibit will be presented of the "cream" of livestock, where buyers from all over the West can select better strains of cattle. There will also be entertainment for the families of the visiting buyers and for local residents who like rodeo, horse and circus shows.

To give an idea of the possibilities of this tax-supported activity, Keyston stated that the Denver "show" held last January

Toastmasters Ponder Entering Contest

Possibility of entering a "Club of the Year" contest, in which Toastmasters International selects the outstanding club for the year at its annual convention, was considered by the Redwood City Toastmasters Monday night, but action on the proposal was deferred.

developed \$2,500,000 in sales of livestock and that there were 409 cars of cattle exhibited there, where the facilities cannot be compared to those of the Cow Palace.

Sen. H. R. Judah of Santa Cruz spoke briefly regarding the work that had been done on Coastside highways and said that when the entire job is finished not only the Coastside but also the rest of the county would benefit since "motorists going south on one road generally come back on another road." Senator Judah said that some firms along the Coast have doubled their business since the new roads have been built.

Jerry Heilman, a retired proofreader, formerly of the San Francisco Chronicle, spoke briefly regarding some of the most frequent errors that creep into the new columns.

Publisher George Dunn and family of Half Moon Bay were hosts. George A. McQueen, president of the San Mateo County Press Association, presided.

Beware Coughs
from common colds
That Hang On
Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly relays the cough or you are to have your money back.

City Cleanup Campaign Is Given Chamber Directors' Commendation

The "crack-down" decision of the Redwood City city council, reached a week ago when it agreed to insist upon the city's being improved in appearance before its Diamond Jubilee year rolls around, has the full support of the local chamber of commerce's board of directors.

This was made clear Monday when the chamber directors voted unanimously to send one letter to the council complimenting it upon its decision and urging it to follow through "so we can have a clean city for our Diamond Jubilee," and to send another letter to the citizens' cleanup committee complimenting it upon the work that it has done in bringing the attention of the council to unsightly places in the community.

At its meeting the council ordered water service discontinued to one property and requested owners of two other buildings regarded as unsightly to appear before it Oct. 20 to discuss plans for rehabilitating the structures.

The chamber directors also voted to propose to the membership an amendment to the by-laws so that the annual election of directors could be held at a time other than the January meeting, which has come to be a community affair instead of a chamber of commerce meeting. It was pointed out that although no such situation has yet arisen, it would be entirely possible for non-

members of the chamber to control an election at the meeting, at which everyone has, in the past, been given a ballot whether or not he was a chamber member.

Named by Pres. Norman S. Menifee as a committee to suggest a by-law change so that the election could be held by mail prior to the January meeting were Directors L. E. Wolbert, Frank A. De Patia and Kenneth L. Bowen.

Nightclub Brawl Victim Files \$10,000 Suit

Kenneth Clark, San Mateo automobile washer, has named a San Francisco night club and its operator in a \$10,000 suit for damages in which he alleged he was beaten without provocation at the Kazoo Club.

His complaint names Joseph Bertolucci, owner of the place, and two employees, Harry Cahill and James Gunn.

According to the complaint, Clark was a customer in the place when assaulted by the two employees who knocked out his teeth and broke his nose.

The committee approved the San Mateo Chamber of Commerce's resolution urging immediate construction of the Bayshore Freeway; heard a report by Director Wolbert on the building priorities situation and one by Director H. C. Mitchell on the Christmas decorations and the fact his merchants' committee is meeting tonight to discuss Christmas shopping events.

Several directors reported they planned to attend sessions of the California State Chamber of Commerce annual convention in Oakland Oct. 23 and 24. Lebo's Liquor Store was reported as being a new member.

NAMED CHAMBER PRESIDENT

SAN MATEO—Philip S. Pope, San Mateo druggist, has been named president of San Mateo Chamber of Commerce for the remainder of the year. Pope, previously first vice president, assumed the presidency upon resignation from that office of Rolla B. Watt, San Mateo attorney, whose withdrawal was necessitated by ill health.

Five New Members For Order of Owls

New members of the Order of Owls, Redwood City Nest 1484, according to a list released Monday are Louis Ciardella, Louis Delorenzi, Frank DeBenedetti, J. DeBenedetti and L. Pellegrini. The five were initiated at a meeting last week at Foresters Hall.

At that time a banquet was held, with Louis B. Dematteis, deputy district attorney, as toastmaster. Speakers included Dist. Atty. Gilbert D. Ferrell, Controller Thomas J. Kane, Supervisor John W. Poole and George Solari.

Representatives from Colma, El Cerrito and San Mateo nests, the Italian-Catholic Federation and the Italian Family Club of Menlo Park were present. A pen and pencil set was presented by the organization to Steve Angelini, Owls' president. According to selections by Louis Ciardella was a banquet feature.

Small Loss Reported In Chicken Ranch Blaze

Redwood City firemen extinguished a small fire at the Harden Chicken Ranch near D St. Monday evening. The blaze was discovered between two partitions and was put out before any material damage was done. Had the fire not been discovered in an early stage it would have spread to adjacent living quarters and a barn where a large quantity of hay was stored, firemen reported.

Republicans To Hear Sen. Thomas Kuchel

Sen. Thomas H. Kuchel of Anaheim, chairman of the Republican State Central Committee, will address members of Republican organizations in San Mateo County at a meeting set for Oct. 24 at 8 p.m. at Burlingame Woman's Club, 217 Park Rd., Burlingame, according to E. H. Cosgriff, chairman, Republican County Central Committee.

Mrs. Roger Watkins Home Planning Economist to Solve Living Problems Locally ---

MRS. ROGER WATKINS
Conducting the Redwood City Tribune's Better Home and Garden Institute Study.

It is with pleasure the Tribune presents to local home and garden lovers the advice and help of Mrs. Watkins. Many home-makers who have been puzzled over just what is right for a certain type of garden color scheme, a type of wall paper or drapery plan for a sunny or dark interior will not have to worry their way through this problem. Mrs. Watkins will correspond with those interested in her service which of course is paid for by the members of the institute whose aim is better living and better comfort in home and garden arrangements.

West Stresses Defense Housing Industry Called Stable, Efficient

Quoting a report of the Defense Commission to the President which stated, "Unless we build homes as well as factories, we must face again, as in World War years, not only widespread inefficiency in our defense industries, but an absolute inability to fulfill contracts vital to the defense program," Bernard B. Barber, chairman of Northern California Homes Foundation, declares that the building industry in the western states is solving the problem outlined by defense authorities.

"The industry has remained efficient and stable during recent months, amid the turmoil of war shocks. There have been no violent fluctuations in building costs. Prices of building materials have been remarkably stable this year. The new home bearing an FHA insured loan has remained the best promise of all-around security in the view of the average American family," Barber states.

ENGLAND'S SITUATION
"We have been going through the same situation that developed in England with the upswing of the English defense program three years ago. It brought new industrial centers into being there. Housing came first. The flats, the multiple dwellings, of older industrial areas were abandoned as models for the new housing. The detached small home with a bit of land for gardening was the new preference of the English wage-earner, and this preference was met."

"The American industrial

Although only four rooms in plan, the efficient layout, with dining space allotted, makes this home equal to one of five rooms. Homes of this type, designed for economy, efficiency and permanence, meet the need for defense housing according to California Homes Foundation.

Promotion

National Furniture Week Marked by Local Dealers

The reason for National Furniture Week, Oct. 4-11, lies in the nature of the home furnishings business.

Furniture stores are specialized institutions. Home furnishings sections of department stores usually are apart from other sections, a unit in themselves. Neither furniture stores nor the home furnishings departments of department stores draw traffic in the sense that a notions counter in a dime-store does. Shoppers don't "wander" in—they have to be

worker is no longer satisfied with a box house in a crowded and smoky urban neighborhood or with a cheap flat for his family. Preliminary U. S. Census figures show a large movement in every industrial area of medium-income families back to the land. Defense program housing, even of an emergency nature, can be made to harmonize with this movement. All elements of the home-building industry, including realty firms, retail lumber dealers, building contractors, lending institutions, are prepared to meet the need for new housing everywhere in the modern American way preferred by the average independent family.

BIG YEAR INDICATED
"The demand for defense program housing, added to sustained normal demand as yet unaffected by war conditions, indicates there is nothing in sight to stop 1941 from being the biggest home-building year since 1928, provided shortages of building materials do not cause severe restriction of civilian construction."

A post-card request to Northern California Homes Foundation, 1833 Broadway, Fresno, will bring the two "Answer Books" on home building.

Defense

Beds Designed To Utilize Small Space

In the housing problem created by rapid expansion of national defense, the question of more effective utilization of available space in home, apartment or wherever defense workers settle with their families, has been one of the most difficult of solution.

Home furnishing manufacturers, as revealed at the recent furniture market in Chicago, are aiding defense workers to meet this problem with new products which solve the space problem at no sacrifice of comfort, durability or style.

NATIONAL PROBLEM

Especially is this true in sleeping equipment. Greatest of all difficulties in transferring sizeable families into smaller quarters, as has been necessary in the case of thousands of defense workers during the past few months, is the problem of providing adequate and comfortable sleeping accommodations for all members of the family.

Manufacturers have recognized that makeshifts will not do and today are offering dual purpose furniture which is not only attractive, but which will fulfill all the requirements of restful and refreshing sleep.

DUPLEX
Among the new products shown in Chicago especially effective for these needs was a new combination davenport bed, called the Duplex. Available in a choice of regular mahogany or harvest mahogany finishes, it is an attractive and fashionable article of furnishing for the living room during daytime hours.

It may be covered with slip covers of various fabrics and designs which may be purchased to fit already made, or may be made easily by the individual homemaker. At night, in only a few seconds, it can be converted into a full-size double bed or two single beds.

SLEEP AT BED LEVEL
The lower portion pulls out and then raises to bed level so that there is no feeling, such as was present with old-time studio couches, of sleeping almost next to the floor.

The Azores is a great international nerve center of transatlantic cables, the Department of Commerce says.

Steam Baths, Massage Advocated for Health

It is true that without health, charm and beauty will vanish, according to the Sequoia Beauty Shoppe.

There is no doubt that today everyone, not only glamor girls, dreams wistfully of "stream-lined body and beauty," and to fulfill that demand the Sequoia Beauty Shoppe has made an important addition for the benefit of its customers—a combination beauty parlor, steam bath and massage under one roof.

"Why is this so essential to our success?" asks the Sequoia staff.

The foundation of all personal problems can be seen in health failure, according to the Sequoia staff. Improper food, incautious living habits and lack of exercise are bad investments, clogging the elimination system and lowering vitality, the root of all true illness.

And with this condition comes loss of pep, charm, the school-girl complexion—and loneliness.

Sequoia Beauty Shoppe's 14 years of experience have equipped it for handling this dispirited condition. They especially are able to put their clients in their former mental condition.

By cleaning the body inside as well as out, by ridding the system of poisonous toxins, and toning up all parts of the body with steam baths and massage, nerves will be soothed and circulation will be improved. And with the new physical well-being problems will fall away; complexions improve, breath become better, unwanted fat will melt away.

"This simple miracle is done the only natural way—the only safe way—the oldest, most effective way—by steam baths and scientific massage," states the Sequoia Beauty Shoppe at 2744 Broadway. For appointments telephone Redwood City 1544.

Priorities

Now Is Time To Build Or Buy a Home

Now's the time to build or buy a home—or be a renter for a long, long time before such a chance comes again.

Already in many states—but not yet in California—building contractors actually are discouraging prospective home owners, a survey shows.

For three days the FHA report on home mortgages throughout the country has shown a decline, a condition that has not existed before.

In some sections of the South, contractors are hunting through rural stores to get enough nails to finish the jobs they've started.

In Washington, contractors are turning down as many jobs as they accept. Copper wire is scarce.

Cleveland reports that it is difficult to get hardware, plumbing and electrical equipment.

From Philadelphia comes word that lumber is running low and buildings are from one to three weeks behind schedule. Hardest to find is copper tubing.

On the Pacific Coast there is plenty of labor. Contractors are complaining chiefly about rising prices. Building is expected to continue at a good pace, but to be confined more and more to housing in defense areas.

Barneson Estate Worth \$716,528

The estate of Capt. John Barneson, Hillsborough resident who died Feb. 25, 1941, is valued at \$716,528.04, according to an inventory filed in superior court here.

The estate consists of real estate holdings throughout the state, personal property, cash, stocks and bonds.

The will, distributing the property to relatives and former employees, was signed with a cross. Capt. Barneson being too weak to write his name shortly before he died at his Hillsborough home.

A son, Lionel T. Barneson, is executor of the will. Other children named legatees are Muriel E. Barneson, Santa Barbara; Mary J. Ransome, Victoria, B. C.; J. Leslie Barneson of Tijuana and Harold J. Barneson of Los Angeles.

EXPRESS YOUR PERSONALITY
Decorating one's room or home to express one's personality is being stressed in many directions. Choice of rug or carpet color as well as the color scheme for the whole, should be based, it is pointed out, upon the same principle as one uses in selecting a dress or costume.

Ice Industries Challenge Buyers

Sip--or Spoon--Sparkling Punch

WITH the addition of but two simple ingredients one can convert this tart, refreshing punch into a smooth, fluffy ice.

SPARKLING PUNCH
(Serves 6)
¾ cup grape juice
¼ cup lemon juice
1½ cups pineapple juice
1 pint gingerale

Combine fruit juices in jar and place in refrigerator to "ripen." Stored in the vitalized cold of a modern air-conditioned ice refrigerator, this mixture will remain fresh and full-flavored for at least a week. Just before serving, add gingerale and pour over ice cubes.

Air Show Scheduled For San Carlos Rally

SAN CARLOS—Representatives of 13 organizations, meeting Monday at May's Coffee House, formulated plans for a huge open air rally to be held on Nov. 2 to further the "San Carlos for United Americans" move which was recently inaugurated.

It was unanimously agreed to consolidate this rally with the mustering in of the third observation squadron of the new California State Guard. Major Hall, who was present last evening, said he could assure the people of a real air show on that day with dive bombing, stunt flying, air writing and many other exhibitions.

Truman S. Waterman, who presided, was appointed program chairman. A finance committee was selected as follows: Lloyd Tobey, chairman, Mrs. Robert Dyer, Mrs. Edward R. Burton, Hillis Hubbard, E. T. Okerlund.

Incidentally, pure, sparkling ice cubes may be obtained direct from the ice service man, or with a new cuber gadget, one can make almost any number of cubes right on the cake of ice in the refrigerator.

When Sparkling Punch becomes Sparkling Ice, simply add to the same mixture of fruit juices, ¾ cup of corn syrup. Then add the gingerale and fold in 1 stiffly-beaten egg white. Pour in freezing container and freeze, using 3 parts crushed ice and 1 part rock salt. Frozen, this recipe will serve 10.

Ray Dickson and Bror Lindberg. Another meeting will be held at the same place next Monday at 8 p.m., at which time it is hoped a tentative program will be outlined.

Present were Mrs. Fred Hagmeyer representing the PTA; Mrs. Norman Green, Players Club; Julius Edling, Volunteer Fire Department; Newell Sharkey, Lions Club; George Forbes, Masonic Club; Mrs. Lillian Horning, Friendly Circles; Mrs. H. A. Graves, Scout Mothers; E. T. Okerlund and Ray Dickson, Junior Chamber of Commerce; Howard Demeko, Boy Scouts; Daniel Pennell, chamber of commerce; Mrs. Robert Dyer, Red Cross; Hillis Hubbard, H-H Ranch; Mrs. L. West, Junior Matrons; Mrs. Walter Moltke, Caristian Club; Mrs. Harold Smith and Mrs. Edward Burton, S & S Club; Lloyd Tobey, American Legion; Mrs. G. Ransom, Girl Scouts, and C. C. Greenman, Holly Improvement Club.

The 2100 miles of land frontier between the United States and Canada are marked by 5483 monuments.

'Look'

Modern Refrigerator Sales Advance

Warning prospective buyers that they will have to live for many years with the refrigerator they buy now, the National Association of Ice Industries in its national advertising campaign says: "Before you buy any refrigerator, we challenge you to look at all three."

As a consequence, according to the Redwood Ice Delivery of this city people are getting all the facts about gas, electric and ice refrigerators before making up their minds, with the result that sales of modern ice refrigerators are far in advance of those in any preceding year.

SCIENTIFICALLY DESIGNED

The modern ice refrigerators which people are invited to inspect and compare with refrigerators of other types are scientifically designed to give complete food protection. They not only guard goods against spoilage, but also protect them against rapid drying out and against the exchanging of food flavors. In no other type of refrigerator is the circulating air chilled, made properly moist and washed free of food odors which are the common cause of flavor taints.

With these new ice refrigerators plenty of pure, taste-free ice cubes are available in five minutes and there is, of course, nothing to get out of order, no noise and no defrosting. A single servicing of ice lasts five to eight days or longer.

The beautiful ice refrigerators, with their gleaming, easy-to-clean white surfaces and their glistening chromium hardware, cost only a third to a half as much as other types. The Redwood Ice Delivery has them on display at its showrooms at Perry & Brewster Sts. at prices ranging from \$37.50 to \$69.50, depending on size. Very easy terms can be arranged as ice refrigerators are classed as furniture under the new Federal Revenue Act. There is no excise tax on ice refrigerators and household models only require a down payment of from \$4 to \$8 depending on the size chosen. When looking at these new ice refrigerators be sure to ask about the company's free trial offer.

Beds Once Most Costly Piece of Furniture

In the time of Louis XIV, the saying was that "By the bed the fortune might be known." Often the bed cost more than all the rest of the furniture, as it was curtained, canopied or draped with costly and luxurious materials, which also served the purpose of keeping out drafts in the days before central heating. It was the style among fashionable ladies to recline fully dressed on their sumptuous beds while receiving visitors.

Something new in telephone cable construction

Aerial telephone cable formerly suspended from stranded steel "messenger wire" by means of rings. This sometimes made the cable subject to "ring burns" which would admit moisture and interfere with good service. Telephone engineers have perfected a way to wrap the cable to the messenger, which is not only faster than the old method, but the new cable and lasher it spirally in one simultaneous operation.

Subdivision Project Wins Planners' O.K.

Approval of plans to subdivide the tract known as New High School Acres was given by the city planning commission at its meeting Tuesday with a recommendation that the city council permit the subdividers to go ahead with their program.

The commission also took steps to rezone a lot on the corner of Middlefield Rd. and Chestnut St. from business to second residential property. When the zoning ordinance was first passed, the property was reserved for the probable erection of a filling station. Because this has not been done and several years have elapsed, the commission is moving to put it

in the same class with adjacent property.

Henry Witte, chairman of the commission, reported on the recent development conference he attended at Stanford University. The commission voted to meet at an early date with the Palo Alto Planning Commission, when mutual problems relating to the development of the two communities will be discussed.

County To Provide 91 in Next Draft Call

Another 91 men will be inducted into the U. S. Army from San Mateo County in the 18th draft call, it was announced here when quotas were assigned as follows: Redwood City, 13; Menlo Park, 21; Burlingame, 13; San Mateo, 18; Daly City, 38. Dates for the call are Nov. 3-7, 12-14, 17-18.

'I Was a Prisoner' Coming

The most astounding story a man can know . . . and live to tell, is the fabulous adventure story, "I Was a Prisoner on Devil's Island." A first run feature coming to the Redwood Theater Sunday, and stars Donald Woods and Sally Eilers. Also on the same program is another first run hit "Hurry Charlie Hurry," a comedy starring Leon Errol.

Dante, Magician, Due in San Francisco

Coming to the Curran Theater, San Francisco, for a limited engagement commencing Monday night, Oct. 20, is the master of magic, Dante, with his original New York company of 35 mysti-

DANTE THE MAGICIAN

fiers, presided over by Miss Mo-Yo Miller, the greatest female illusionist in the world. He will present his mystery revue in 28 scenes entitled, "Sim Sala Bim." Dante will give two extra shows

Scouts Urge Saving Of Papers, Magazines

Save your magazines and paper for the Boy Scouts! That was the plea issued here by Field Executive Bradford P. Datson as he reminded local residents that Boy Scouts would conduct a paper drive here on Saturday, Oct. 25. Citizens are urged to have their papers in one bundle, magazines in another, on their front porches on that day. The periodicals will be given to the United Service Organizations (USO) for the use of men in Uncle Sam's armed forces, Datson said.

on Sunday, Oct. 26, at 2:30 p.m. and at 8:30 p.m.

This 2½-hour entertainment of mirth, melody, magic and mystery has been acclaimed as the most colorful, expert and entertaining revue ever witnessed. Dante, who was associated for several years with Howard Thurston, carries upon his shoulders the mantle of mystery worn by Thurston.

Dante has just returned after 14 years touring the world. He inaugurated a transcontinental tour in New York City at the Morosco Theater.

Fifty spectacular illusions will be presented by the gifted Dante in addition to his marvelous exhibition of card-billiard ball-flower and animal manipulating and disappearing.

Favorable Priorities Seen For San Carlos Project

SAN CARLOS—Belief that building priorities regulations would not prevent construction of a new San Carlos kindergarten and primary grade school if the \$70,000 bond issue is approved Oct. 28 was expressed by Pres. T. F. Miller of the school board at a meeting held in the city hall Monday under sponsorship of the White Oaks Improve-

ment Club. Miller's opinion was given after a question had arisen as to whether or not the proposed six-room addition would be considered essential under drastic regulations which have been placed on building. Quoting from a letter received by Supt. Clark Robinson from John W. Studebaker, U. S. commissioner of education,

Miller explained that while new school buildings are handled under Priorities Rating P-19 and no definite blanket rating is given schools, each is considered on its merits and he believed that San Carlos, being in a defense area, would be permitted to build the structure.

Projects that are not being approved are such buildings as

gymnasiums and auditoriums that can be done without, Miller explained. Classrooms where needed as vitally as in San Carlos are likely to win approval so that materials will be made available for their construction, he said.

Consensus of the meeting, attended by nearly 70 persons, appeared to be that since the need

Two Examinations Set For City Positions

Civil service examinations to fill two positions in the city employment service will be given on Nov. 18, City Manager C. L. Dimmitt announced.

One of the positions is that of fireman and the other is junior for the classrooms was a fact, it would be well to support the bond issue so the school could be constructed.

assistant librarian. Applicants for the fireman's position will be obliged to show at least one year's residence in Redwood City prior to filing application. The residence requirement has been waived in the examination for the library position. Applications will be received by Dimmitt until 5 p.m. on Nov. 7.

JOSEPH TERRITO

Thanks a Million!

TO MY MANY FRIENDS AND CUSTOMERS:

I repeat "THANKS A MILLION." The hundreds of people who attended the opening of our San Carlos Market last Thursday and Friday was amazing. We didn't know we had so many friends on earth. Friday and Saturday they came and bought great boxes of food bargains. So speaking for our whole organization and every employee I want to say "THANK YOU VERY MUCH FROM EVERY ONE OF US."

(Signed)
JOSEPH TERRITO

PUBLIC NOTICE

Henry F. Boyen, Atty.
NOTICE OF SALE OF REAL
PROPERTY AT PRIVATE
SALE
No. 87848—Dept. No. 9

IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA
IN AND FOR THE CITY AND
COUNTY OF SAN FRANCISCO.

In the Matter of the Estate of
JOHN DAGGITT, also called JOHN
DAGIT, also called JACK DAGIT,
Deceased.

NOTICE IS HEREBY GIVEN
that the undersigned, PHIL C.
KATZ, Administrator of the estate
of JOHN DAGGITT, also called
JOHN DAGIT, also called JACK
DAGIT, deceased, will sell at pri-
vate sale to the highest bidder,
upon the terms and conditions here-
inafter mentioned and subject to
confirmation by said Superior
Court, on or after Tuesday, the
28th day of October, 1941, all the
right, title and interest and estate
of said JOHN DAGGITT, also called
JOHN DAGIT, deceased, at the time
of his death, in and to the real prop-
erty hereinafter described, and all
the right, title and interest that
the said estate has, by operation
of law or otherwise, acquired, other
than or in addition to that of said
deceased at the time of his death,
of, in and to all of those certain
lots, pieces or parcels of land, situate,
lying and being in the County
of San Mateo, State of California,
and described as follows:

All of those certain lots, pieces
or parcels of land situate, lying
and being in the County of San
Mateo, State of California, de-
scribed as follows:

Lots 441, 442, 443 and 444, as
designated on the map entitled
"Woodside Country Club Prop-
erties Subdivision No. 4 San Ma-
teo County, Cal.", which map
was filed in the office of the
Recorder of the County of San
Mateo, State of California, on
January 17, 1927, in Book 15 of
Maps at pages 7, 8, 9, and 10.
IMPROVED.

And as part of the same trans-
action the following described
shares of stock, which stock is ap-
purtenant to said land above de-
scribed:

4 shares of the capital stock
of Woodside Mutual Water Co.
(California corporation) without
par value. Certificate No. 175,
dated August 8, 1939.

Terms and conditions of sale:
Much has been written about
Missouri mules, but according to
the census several states re-
ported more mules on farms.
Farmers reported 193,565 mules
in Missouri; Texas had 537,801;
Mississippi, 337,620; Georgia,
316,006; and North Carolina,
299,198.

PUBLIC NOTICE

Cash, in lawful money of the United
States of America; ten per cent of
the purchase price to be paid at the
time of sale; balance on confirma-
tion of sale by the Court. Deed and
abstract at the expense of pur-
chaser or purchasers. Subject to
taxes and encumbrances.

All bids or offers must be made
in writing, accompanied by cash
or certified check for ten per cent
of the amount bid, and may be left
at the office of Phil C. Katz, Ad-
ministrator of said estate, at his
office in the City Hall, San Fran-
cisco, California, or filed in the
office of the Clerk of said Court
in the City and County of San Fran-
cisco, at any time after the first
publication of this notice and be-
fore the date of sale.

Dated: San Francisco, California,
October 3, 1941.

PHIL C. KATZ,
Administrator of the Estate of
JOHN DAGGITT, also called John
Dagit, also called Jack Dagit, De-
ceased.

HENRY F. BOYEN,
Attorney for Phil C. Katz,
Public Administrator,
Room 403, City Hall,
San Francisco, California.
Published in Times-Gazette, Oct.
10, 17, 24, 1941.

PUBLIC NOTICE

Arthur P. Shapiro, Atty.
NOTICE TO CREDITORS
No. 86340

IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA,
IN AND FOR THE COUNTY OF
SAN MATEO.

In the Matter of the Estate of
EGBERT ALEXANDER JR., De-
ceased.

NOTICE IS HEREBY GIVEN
by the undersigned Executrix of the
Last Will and Testament of Egbert
Alexander Jr., deceased, to the cred-
itors of said all persons having
claims against the said deceased,
to file them, with the necessary
vouchers, within six months after
the first publication of this notice,
in the office of the Clerk of the
Superior Court of the State of Cal-
ifornia, in and for the County of
San Mateo, or present the same,
with the necessary vouchers, with-
in six months after the first pub-
lication of this notice, to the said
Executrix at the office of her at-
torney, Arthur P. Shapiro, 235 Mont-
gomery Street, room 420, San Fran-
cisco, California, the same being
the place for the transaction of the
business of said estate.

Dated this 6th day of October,
A. D. 1941.

FERN W. ALEXANDER,
Executrix of the Last Will
and Testament of said de-
ceased.

ARTHUR P. SHAPIRO,
Attorney for Executrix.
First publication in Peninsula
Beacon Oct. 10, 1941.

Oct. 10, 17, 24, 31; Nov. 7, 1941.

MODERN GAS HEATING APPLIANCES

Is your home in order for the years ahead? For example, if your
heating equipment is old, inefficient and wasteful, it would be wise
to replace with new Gas Heating equipment. Do it now while this
equipment is still available. You will have better heating service
and you will save money for years to come.

Serve and Save

INSTANT HEAT, NO WASTE

The modern gas furnace has solved the heating
problem in thousands of homes. Low cost...
instant heat... no waste.

CONTROLLED HEAT, NO WASTE

Press a button or turn a thermostat and heat is
there right now with a modern Gas Furnace.

DELIVERED IN A PIPE, NO WASTE

Your home needs heat for a room or two. The
best and cheapest solution is a Circulating Heater.

NO ORDERING, NO STORING, NO WASTE

Very smart in new homes is the wall-type floor
furnace. Quiet, dependable and low cost opera-
tion ends heating worries.

CLEAN, DEPENDABLE, NO WASTE

Latest model blower-type furnaces filter all
warmed air that circulates through the house.
Save money every month.
